

## WE DESIGN YOUR FACTORY AUTOMATION

*Since 1991 we serve our Customers in:*

- ⌘ electronics, electro-mechanic, automotive, appliances,
- ⌘ power semiconductor, optoelectronic, lighting,
- ⌘ aeronautic, defense, medical, pharmaceutical, ... industry

*We offer trained, competent and skilled people for the*

- ⌘ creation and development of new products.
- ⌘ pre and post sales direct assistance and service.
- ⌘ process revision and improvement as per “4.0 industry”.
- ⌘ mechanic 3D CAD, CAM processing, electric CAD design.
- ⌘ A/D & HF electronic design, simulation & test, PCB design, ...
- ⌘ C, C++, C#, MPLAB, PLC, SCADA, MES ... software development.
- ⌘ 2D-AOI, 3D-AOI, 3D-laser, machine vision controls.
- ⌘ dedicated laboratory for the preliminary and demonstrative tests.
- ⌘ internal workshop to assembly machines, robots and lines.
- ⌘ several new CNC machines up to 2000x1000mm working area.

*We are developing your new equipment for the:*

- ⌘ precision assembling, soldering, brazing, welding.
- ⌘ heat-treating even in high vacuum.
- ⌘ precision dispensing and curing.
- ⌘ fully automatic test & measurement systems.
- ⌘ dedicated machine vision and laser AOI controls.
- ⌘ process controls, traceability, MES, remote control, ...

## WORKSHOP MACHINES

SINCE 1991  
WWW.SINERGO.NET

- € 3 WS CAD Solidworks
- € 1 WS electric CAD Solidworks
- € 1 WS CAM Esprit
- € CNC ISO30 Maximart NC 40-LA 400 x 300 Z-250
- € CNC ISO40 QUASER MV154c 762 x 530 Z-560
- € CNC ISO40 QUASER MV184c 1020 x 610 Z-610
- € CNC ISO40 Doosan DN 650II 1370 x 650 Z-650
- € CNC ISO40 LEADWELL V-80i 2000 x 1000 Z-720
- € CNC turning machine DOOSAN LYNX 220 C 2000 x 1000
